I/We agree that these results can be published by the Rottweiler Club in our State/Territory and the National Rottweiler Council (Australia) and can be incorporated in to the National Breed Records.

Owner Signature:		Date:	
------------------	--	-------	--

Steps to follow:

Select whether NRC(A) or CHEDS paperwork will be used. Your state Breed Recorder will issue NRC(A) paperwork. ANKC members can create a pre-filled CHED Submission form by logging in with their ANKC member number and password using the login form at [Canine Health Database \(ankc.org.au\)](http://Canine Health Database (ankc.org.au)).

[Click here for instructions on creating a pre-filled CHED submission.](#) Alternatively, you can [download a blank CHED submission form](#). For an overview of the CHEDS scheme see [ankc-ltd-cheds-overview_apr16.pdf](#).

1. Post completed Application to the Breed Recorder in your State/Territory with a copy of the Registered Pedigree and an A4 stamped self-addressed envelope for return of documents. Non RCV Members will incur a fee of \$10.00 for NRC(A) paperwork (payment by Direct Deposit is preferred) or cheque, no cash please. Bank details Bendigo Bank - RCV BSB 633-000 Account number 152852018. Please use your name as the Reference.
2. **NRC(A) ID Number is required on CHEDS Paperwork.** This can be written after the dog's name or in the top right corner of the form. Use the same number that is on the Eye/Mouth Certificates. **Ensure to include the Email address of the NRC(A) Breed Recorder alongside that of the Owner for return of results.**
3. Arrange an appointment to have your dog x-rayed. Take along the paperwork. A copy of the Pedigree is required at the Vets to confirm ID/Microchip Number. It is the Owners responsibility to ensure all details are entered and correct prior to the dog/bitch being x-rayed and to advise their Vet of the ID requirements on X-Rays.
4. **The Vet must assess the bite while the dog is awake.** Counting teeth is best done while the dog is under anaesthetic. The Hip & Elbow X-ray must be taken under General Anaesthetic.
5. The x-ray plates must be identified with the dog's registered name, microchip number, ANKC Registration Number, the individual NRC(A) Identification number, date the x-ray is taken, sex and R and L markers. Make certain that the Vet has completed all parts of the forms he/she is required to.
6. Send X-ray and completed NRC(A) or CHEDS paperwork to the reader of your choice from the [NRC\(A\) List of Official Readers](#) together with payment of fees. Keep the white copy of the completed Dental and Eye Certificate and forward the yellow copy to your State Breed Recorder and the blue copy to the National Breed Recorder.
7. Results from the Reader should be sent to you, your Vet and the National Breed Recorder whether NRC(A) or CHEDS paperwork is used. The State Breed Recorder will be forwarded a copy from the NRC(A) Breed Recorder. When you receive your result via email from the Reader you may forward those on to your State Breed Recorder and the NRC(A) Breed Recorder if you wish. The result will be listed in the National Hip Dysplasia Register once received by the NRC(A) Breed Recorder.

NOTE: The Hip x-ray and Dental and Eye examination can be done by any Veterinarian. It is possible to get a Specialist Eye Examination, although not compulsory.

Send completed application to

RCV Breed Recorder: Michele Simpson, PO Box 357, Wallan, Vic 3756. rottup@gmail.com
